According to the official theory the two temples of Abu Simbel are the mortuary temples of Ramses II and His Great Queen, Nefertari, but in one guide feels the Nefertari Temple was the mystery school of Hathor, where the priestesses of Hathor were trained. The temple of Ramses was a place of healing, where the priestesses of Hathor lead the wounded men back to the fullness of their Soul. Then enjoy a relaxing afternoon sailing to **Kom Ombo** with an evening visit to the temple dedicated to the two gods Sobek the Crocodile God and Haveris the Sun God.
