

SEDONA and the Navajo Nation

With Patricia McGovern

8 nights / 9 days

March 21-29, 2026

Join me on a soul adventure to the beautiful Red Rocks of Sedona and the Navajo Nation. Connect with your deeper wisdom as you feel your soul expand simply by standing on this ancient land. These power spots amplify your personal energy, increase your psychic awareness and offer healing energy. Our time in this ancient land will leave a profound impact on your heart and soul.

Sedona: We will explore the four main vortexes including Bell Rock, Cathedral Rock, Airport Mesa and Boynton Canyon...and a personal favorite of mine!

Grand Canyon: Here we will see the breathtaking 5-million-year-old Grand Canyon.

Horseshoe Bend: We'll enjoy an incredible view of this horseshoe-shaped bend in the Colorado River.

Antelope Canyon: Considered the soul of the Navajo Nation, we will be guided through this simply awe-inspiring slot canyon on Navajo land.

Monument Valley: We will experience a beautiful mystery tour with our Navajo friend, Don. Our time with him will be etched in your mind and heart forever.

As a special treat: Here we will experience a private healing ceremony in a Navajo hogan not offered to the public (*if available*).

I will facilitate several Group Past Life regressions throughout our journey.
